

### 3's & 4's Enrichment Registration Form

#### FALL SESSION 2018-19

September 24 – December 13

- Monday: Cooking (max 12) Teachers: Mrs. Longo and Mrs. Puffer**  
This program will introduce children to the basics of cooking in a relaxed and fun learning environment. Each week we will follow seasonal recipes and sample our delicious creations! Recipes will be provided to share at home.
- Tuesday: Art Studio Teachers: Mrs. Longo and Mrs. Rosa**  
We believe that children learn best through experience, and must be provided endless opportunities and materials to express themselves and explore their own innate creativity. We will encourage curiosity and imagination while helping children to make unique creations using a variety of wonderful materials.
- Wednesday: Science Teachers: Mrs. Flocks, Mrs. Barrett and Mrs. Pollio**  
The children will continue to implement the scientific method as they observe, question, predict and evaluate various models of volcanoes and eruptions. This class provides a safe environment for the child to verbalize their opinions, indulge their curiosity and discuss their predictions on the outcomes of each task they complete.
- Thursday: Fun With Friends Teachers: Mrs. Rocco and Mrs. Barrett**  
Fun with Friends is an enrichment program set in a warm, nurturing environment where the focus is placed on interacting and having FUN with new friends and old. Through the use of crafts, board games, and whole group projects the children experience social adventures together. This inviting atmosphere elicits the opportunity for new friendships and lots of "FUN" for all.
- Friday: Sports Teachers: Mrs. Flocks and Mrs. Rosa**  
Children will spend Friday enrichment classes working on sport specific skills in T-ball, kickball and tennis.

Monday	Tuesday	Wednesday	Thursday	Friday
